Belongs To**

Welcome, Little Chef!

- **Cooking is fun!** In this book you'll find 30 recipes for breakfast, lunch, snacks, dinner and desserts.
- **Read first.** Read the whole recipe before you start, and gather everything you need.
- **Tick it off.** Tick each box on the 'You Will Need' list as you get the ingredient out.
- **Level:** Each recipe is marked Easy, Medium, or Chef Level. Start with the easy ones!
- **GROWN-UP HELP** Steps with this orange label use the stove, oven, blender or a sharp knife. Always ask a grown-up to do or help with these.
- **Rate it!** After you cook, color in the stars to show how much you liked it.

Kitchen Safety Rules

- **1.** Always ask a grown-up before you start cooking.
- **2.** Wash your hands with soap and water before you cook, and after touching raw meat or eggs.
- **3.** Tie back long hair and roll up your sleeves.
- **4.** Only a grown-up uses sharp knives, the stove, the oven and the blender.
- **5.** Use oven mitts for anything hot, and turn pot handles away from the edge.
- **6.** Never taste raw dough, raw eggs or raw meat.
- **7.** Wipe up spills right away so nobody slips.
- **8.** Clean up as you go. A tidy kitchen is a happy kitchen!

Measuring Made Easy

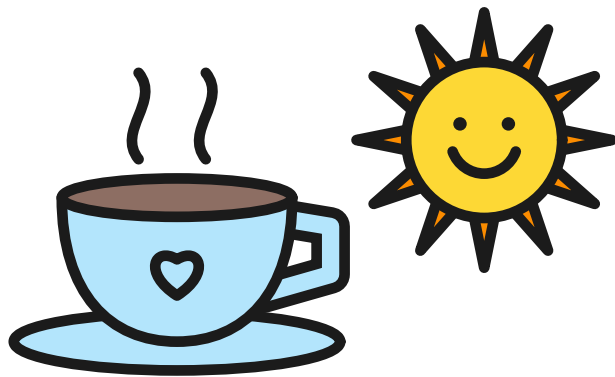

- **Cups** are for bigger amounts like flour, milk and oats. Fill, then level the top with a knife.
- **Tablespoon (tbsp)** is the bigger spoon. 3 teaspoons = 1 tablespoon.
- **Teaspoon (tsp)** is the small spoon, for things like salt and baking powder.
- **1 cup** = 16 tablespoons = about 240 ml.
- **1/2 cup** = 8 tablespoons = about 120 ml.
- **1/4 cup** = 4 tablespoons = about 60 ml.
- **1 stick of butter** = 1/2 cup = 8 tablespoons.
- **Oven temperatures** 350°F = 175°C, 400°F = 200°C, 425°F = 220°C.

Cooking Words

- **Stir:** Mix gently in circles with a spoon.
- **Whisk:** Beat quickly with a whisk or fork to add air.
- **Fold:** Mix very gently by lifting from the bottom, so you don't squash the air out.
- **Mash:** Squash soft food, like a banana, with a fork or masher.
- **Simmer:** Cook just below boiling, with small bubbles.
- **Preheat:** Turn the oven on early so it is hot when your food goes in.
- **Drain:** Pour food into a colander so the water runs away.
- **Chill:** Put in the fridge to get cold and firm.
